→ Introduction

Winmate's Network Player family is growing very fast and now joined the powerful MSS970 series into Winmate's Digital Signage products. The MSS970 is a Full HD Player, bundled with MSO Pro as Management Software. The MSS970 player is capable of playing nearly all Video, Image, HTML Flash, Power point slideshows and many other Multimedia Formats. Up to 9 suggested different zones can be designed in the layout designer, so MSS970 become a very attractive player in the Winmate's Network Player series.

Winmate combines its 15 years of professional experience in designing and manufacturing and created this elegant and rugged Player which meets all requirements for your playback of advertising.

→ Zone Synchronization

New innovation in MSS650 Flash Network Player MSS970 series is the Zone Synchronization, which let your content movie be synchronized with other zones as pictures, messages, aso. Moreover, Winmate integrates Flash and HTML functions into MSS970 Flash Network Player that can play online source and fancy flash files.

→ Model Performance Comparison

Winmate launches 3 models to choose, depending on the requirements of the project. MSS970-11 is more focused on Standard Definition Video Playback, combined with Flash, Message and HTML.

Moreover, both MSS970-A1 and MSS970-12 are capable of playing Full HD video, with a combination of Flash and other Multimedia Formats. See below table for a rough overview.

Model	MSS970-I1	MSS970-I2	MSS970-A1
Recommended Max. Output Resolution	1366x768	1920x1080	1920x1080
