G-WIN Full IP67

Introduction

G-WIN 15-inch Full IP67 Rugged Series is designed with high performance features. Water and dust protection enables clients to use our products in harsh environments such as the swimming pool, harbour and mining locations. In addition, optional functions will meet the customer varied requirements. Wide power ranges DC input, Wide Temperature, and High Brightness LCD ensures that the G-WIN 15-INCH Full IP67 is one of the finest Display and Panel PC products in the world.

Full IP67 Display

R15L100-67M5HB

Full IP67 Panel PC

R15IA3S-67M5HB

Feature

- Quality 15" XGA Panel, 1024*768 resolution.
- High Brightness, 800 nit
- Fully IP67 Dust/water resistant Protection
- Optical Bounding
- Aluminium Housing with Anti-Corrosion Treatments
- Optical Bonding with anti-moisture treatment
- Anti-Shock and Vibration Standard according to MIL-810F & IEC60068-2-27
- 5 Wire Resistive Touch / Anti-Reflection Protection Glass(Optional)
- Wide Range 8 to 36V DC Input Acceptable(Optional)

- Ultra Low Power Intel® ATOM N270 1.6G CPU Fanless Design
- High Quality 15" Panel, 1024*768 resolution.
- High Brightness.,800 nit
- Aluminium Housing with Anti-Corrosion Treatments
- Fully IP67 Dust/ Water proof design with VESA mount
- Optical Bounding
- Built in ambient Light sensor
- Wide Range 8 to 36V DC Input Acceptable (Optional)
- 5-Wires Resistive Touch / Anti-Reflective Protection Glass (optional)

Target Application
